WORK EXPERIENCE September 2023 – Now

VÉRINGER ENGINEERING SOLUTIONS (INTERNATIONAL EXPERIENCE)

Gijón, Spain

Energy & Gas

Engineering Specialist.

- Control Engineering for Combined Cycle Power Plants and GNL Terminals
- Development of Functional Descriptions and Control Logic Diagrams.
- Preparation of Cause-and-Effect matrix and Emergency Shutdown (ESD) Philosophies.
- Design and validation of DCS HMI screens. (Operating Screens)
- Issue of Instrument data sheets, signals lists and alarms summaries.
- Factory Test Attestation and validation of DCS/SIS systems.
- On-site support for international projects during start-up and testing phases, assisting commissioning teams in achieving operational goals.

September 2019 – September 2023

ICA FLUOR DANIEL

Mexico City, Mexico

Oil & Gas

Sr. Instrumentation Engineer

- Instrumentation and Control (I&C) Engineering for large-scale EPC Projects (refining).
- Development of detailed Engineering based on basic engineering P&IDs.
- Preparation and Management of instrument indexes (more than 30,000 items) classified by WBS/CWPs.
- Technical procurement support and preparation of Technical Bid Tabulations (TBT) for bulk instrumentation and preparation of Hook-up drawings and Bill of Material (BOM) lists.
- Advanced use of SmartPlant Instrumentation (SPI – Hexagon).
- Factory Test Attestation and validation of the DCS/SIS systems.
- Construction and commissioning support more than 2 years as Construction Assistant and onsite Material Manager (as built red lining and loop checks).

August 2018 – September 2019

TURBO-MEX

Mexico City, Mexico

Oil & Gas

Jr. Instrumentation Engineer

- Instrumentation engineering for modular skids in Oil & Gas projects.
- Development of detailed Engineering Documentation.
- Technical analysis of specifications and instrumentation selection.
- Preparation of Technical Bid Tabulations (TBT) and procurement support.
- Verification of regulatory compliance (NACE, NEMA, harsh environments).
- Sizing and Design of an Isolated Photovoltaic System.
- Support for assembly, functional testing and pre-commissioning.
- Design and sizing of standalone photovoltaic systems.
- Technical coordination with other disciplines and workshop personnel.

EDUCATION AND TRAINING

• 2025-2026

Zero to PMP: Master Project Management for PMP Certification

Udemy (Online)
Practices for PMP Certification.
43 online hours

• 2018-2020

Masters Of Business Administration

Universidad Latinoamericana (Mexico City)
Business Administration focused on Project Management.
10/10 with Honorific Mention
Master's Degree

• 2013-2017

Automation and Controls Engineering

Instituto Politécnico Nacional; Escuela Superior de
Ingeniería Mecánica y Eléctrica. (Mexico City)
Control and Automation Engineering focused on Industrial Processes.
8.18/10
Bachelor's Degree

PERSONAL SKILLS AND COMPETENCES

EMPATHY
SELF-MOTIVATED
HARD WORKER
DISCIPLINED
NETWORKING
CONSTANT GROWTH PURSUIT.
